Experience

Richard has worked as a Lawyer since 1977.

Prior to returning to his home town of Albury, Richard was a partner in a Sydney Commercial Law Firm.

Since returning to Albury, Richard has combined working as a Lawyer with running a farm at Mullengandra. Accordingly, Richard has a keen interest in farming and particularly enjoys acting for and advising Kell Moore's rural clients at our Corowa Office, where Richard is based.

Richard's work includes acting on the sale and purchase of farming properties, leasing farms, share farming agreements, intergenerational transfers, family asset restructuring and succession planning. He is also experienced in Wills, Powers of Attorney (Medical and Financial), Probate and Deceased Estate matters.

Richard has concentrated on the above legal matters in recent years. However, from 1993 to 2008 Richard was a New South Wales Law Society Accredited Business Lawyer.

Some of Richard's recent matters include:

- acting on the sale and purchase of farming properties;
- advising on farm leases and intergenerational transfers of farming properties;
- acting on the sale and purchase of New South Wales and Victorian residential and commercial properties;

- advising on estate and succession planning for farming families and business people;
- preparing Wills and Powers of Attorney (Medical and Financial) in both New South Wales and Victoria; and
- drafting New South Wales and Victorian Probate Applications and advising in relation to administration and distribution of Estates.
